

# Vituity Telehealth

A cost effective care alternative  
to expensive or unnecessary  
urgent care + ED visits

## Why Vituity Telehealth

Telehealth provides convenient, urgent care video visits that patients can access from their smartphone, tablet, or computer. Patients can see a doctor anytime and from anywhere, which improves productivity, increases satisfaction, and reduces unnecessary healthcare costs.

Our physicians are part of a physician group with 40 years of healthcare experience. We provide immediate access to high-quality care focused on delivering an exceptional patient experience. Our doctors diagnose, treat, and prescribe medications for a wide range of illnesses and conditions.

**Virtual care 24/7 on demand or by appointment**

**Unified medical group of board-certified physicians**

**HIPAA-compliant mobile app or website**

**Clinical diagnosis, medical advice, and e-prescriptions**

## Did you know?

---

**50%**

of ER visits are non-emergencies.<sup>1</sup> Telehealth can manage many of these visits.

**76%**

of patients prioritize access to care over a need for in-person interaction with their providers.<sup>2</sup>

**80%**

of adults discharged from the ED presented due to lack of access to other providers.<sup>3</sup>
